**Special  
Events:**

The **Masters** event will be a 6 dive event without DD limit. However, 2 dives must be done from 3M, 2 dives from 1M, and 2 dives from either board. These dives may be done in any order, and all dive groups must be represented. Age Group divers will judge this event.

**The Snowball Dive Off** is an elimination event. There will be two groups of competition: Novice and JO. Any diver who competes in JO or Masters in any event will be required to dive in the JO category. Boys and girls, and divers of all ages, will be combined. The divers will list 4 dives on a dive sheet without DD. At least two different dive groups must be used for the Novice dive off, and three different dive groups for the JO event. No jumps or lineups will be used and the divers may compete from 1M or 3M. All divers will perform their first dive and the top 50% of the divers will advance to the next round. The process will continue until only 2 divers are left. They will compete in the final round for the trophies. If it takes more than 4 dives to determine a winner, then divers will declare their dive for each round. No dives may be repeated and the score starts at 0 for the start of each round.

**The Target Dive Event** is also a warm up for the Sunday events. It is also an elimination event. The divers will perform designated dives for each round. Their coach will toss a sammie in the water as they start their approach. The diver must land directly on the sammie in a feet first entry or grab it on a head first entry. All divers will be combined (no age group or novice/JO separation). The dives will not be judged until the final 1-2 rounds. Then the divers must perform the dive, grab the sammie, and be scored highest to win.
